

Pine Bluff Daily Graphic.

Vol. VII

PINE BLUFF, ARK., WEDNESDAY SEPTEMBER 5, 1900.

No 292

BY 600 VOTES.

DAVIS CARRIES JEFFERSON COUNTY—SIX TOWNSHIPS UNREPORTED.

IN FAMOUS WASHINGTON.

Ballot Box Was Carried Back by Anderson--Dunnington's Vote.

Hon. Jeff Davis has carried Jefferson county for governor over Hon. H. L. Rammel by a majority of about 600, which is figured by experts to include Dudley Lake, Roberts, Riceland, Villemont, Washington and Whiteville townships, which have not reported. In the eighteen townships and wards which have reported there were something like 2500 votes cast. Out of that number Davis got 1303 votes and Rammel 851, which so far gives Davis a majority of 452 votes over his opponent with six townships to report. Each of the six unreported townships polled big negro or Rammel votes, but it is thought that each went for Davis by a small majority, enough to make his majority in the county at least 600.

The Republicans up to this morning had some hopes of carrying the county but Victoria came forward with a majority of 50 votes for Davis, Niven 24 (the total number cast in that township) and Barraque 59, greatly increasing Davis' already big majority. Rammel carried Dunnington township by 80 majority. That was his only increase reported since yesterday.

The Graphic today gives a table of the unofficial returns, which will be complete when the central committee meets to canvass them. It is a difficult matter to get the vote of each candidate complete, as Davis was the only candidate that had opposition and only the gubernatorial vote is brought in.

IN WASHINGTON TOWNSHIP.

The Washington township ballot box which was all day Tuesday in the hands of O. R. (Bob) Anderson, the Republican judge, who served in that township at Monday's election and who came to this city Tuesday morning with the box, after, as he states, J. W. Bates and L. L. Campbell, the two Democratic judges, refused to count the votes, was carried back to Washington township last night. Anderson did the carrying and he was accompanied by George Carr, who has thrown Constable Joe Pilkington down and who

says he wants to see fair play. The time agreed upon by the judges for the counting of the Washington township votes was 9 o'clock this (Wednesday) morning, but up to the present writing they have not reached Pine Bluff with the result.

Anderson says there is no doubt on the part of Henry L. Phillips' friends but what Pilkington was beaten for constable and Anderson adds that the two judges who refused to count the vote know it so well that they didn't want to see the overwhelming Phillips majority in that box and they refused to assist in the count.

The judges will probably reach Pine Bluff this afternoon with the ballot box and the counted votes. It is anxiously awaited here, especially the result of the constable's race.

victory for Martin over the same man.

The total vote in the state places it at a slight increase over that of four years ago, although Davis' majority over Rammel will be larger than Jones' was then. The Republicans claim Newton, Searcy, Madison and Lafayette. They claimed White and Miller counties yesterday but lost them. It is thought that Rammel will not carry a county, notwithstanding his vote was very large in some.

THROUGH THE HEART.

A Fine Buggy Animal Ran a Picket and is Killed.

This morning Dr. A. G. Thompson, who resides on East Sixth avenue, suffered the loss of a fine buggy horse.

The animal met death in a rather unusual and peculiar way. It was running at large in the front yard and took a notion to get out. It tried the gate but it was locked. It attempted to jump over the fence, but found it too high. The animal then ran around the yard several times, after which it took a long running start, made a jump such as we see in a steeple chase, but missed his judgment and fell upon the fence, several pickets entering its body. One extra long picket entered the pretty quadruped's heart and after running several feet into the road it fell dead. The animal was highly valued by Dr. Thompson.

An enjoyable tacky party was given at the home of Mr. Miller on West Sixth avenue last night and largely attended. Full mention Sunday.

THE PRESBYTERIAN CHURCH

Has Been Kindly Tendered the Jewish People by It's Elders.

"When our church building was burned in 1893 your congregation very promptly tendered my people the use of their synagogue. We have learned that you contemplate erecting a new building and may, for a season, be without a suitable place of worship. As a token of appreciation of their kindness I have been requested by the elders of my church to tender your congregation the use of our building, for your holidays and at such other times as will not conflict with our regular services. Please allow me to express my personal pleasure in being the medium of this communication. I remain, very sincerely yours."

The above letter was recently addressed by Dr. J. L. Caldwell, pastor of the First Presbyterian Church, to Dr. J. S. Kornfeld, rabbi of the Congregation Anshe Emeth. The following is Dr. Kornfeld's reply:

"In pursuance of the instructions given me the honorable trustees of Congregation Anshe Emeth, of this city, I beg to communicate to you their genuine appreciation and acceptance of the kind proffer where with the honorable elders of your congregation have seen fit to honor them. Begging you to convey our sentiments to your congregation and assuring you of my highest personal regards, I remain, Yours Respt."

The 6th and 7th grades of Sixth and Chestnut school will th's year enjoy rare advantages.

SCHOOL DAYS HAVE COME.

The Sisters Academy Opened This Morning With Encouragement.

The Annunciation Academy or Sisters School on West Sixth avenue opened this morning for the school term of 1900 and 1901. Over 116 pupils were enrolled and the school promises to enjoy the most beneficial as well as progressive year in its existence. Its faculty is composed of able instructors and the students at that Academy are greatly benefited and prepared for life.

Mr. J. F. Clemmons, of St. Van Lake, is registered at the Trulock.

Some good points to remember. One of the many good points of a Telephone is that a message cannot fail to reach its hearer correctly. Another good point is that it reaches all points, and that everybody in the city or country worth doing business with has a telephone. Another good point is the economy of time and money. Another point--Can you afford to be without one, at home or office?
